**Mazzoleni Selected as Manager of Alicare Medical Management's  
24-Hour Nurse HelpLine**

**White Plains, NY/ PR Web / May 24, 2011** – Alicare Medical Management (AMM), one of the nation's leading care management solution providers and a member of Amalgamated Family of Companies, announces the addition of Elizabeth Mazzoleni as RN manager for its 24-Hour Nurse HelpLine. Mazzoleni brings to AMM a wealth of experience in both the nursing and technology fields.

According to Claire Levitt, AMM president, "We are thrilled that someone of Elizabeth's caliber has joined our professional staff. Her unique background comprised of patient care, technological expertise, and project management skills, is a real asset to this organization." She adds that "Alicare Medical Management is well positioned to provide clients and patients with the most efficient and state-of-the-art care."

Mazzoleni is a nurse with extensive experience in critical care nursing and nursing education. Most recently she handled triage call responses for Dartmouth-Hitchcock Manchester, the largest multi-specialty physician group practice in southern New Hampshire. Previously, she served as ICU RN for several hospitals in New Hampshire and Massachusetts, as well as Med-Surg/Oncology RN for a 36-bed ENT surgical oncology unit where she wrote care plans for all patients. Currently pursuing a master's degree in nursing, Mazzoleni also possesses significant experience in media, video production and web development.

She received her nursing degree from the University of Connecticut and a master's degree in the arts from Emerson College.

“It’s an exciting time to be part of the healthcare industry,” Mazzoleni says. “Increasing use of technology and the portability of health records are changing the healthcare landscape and revolutionizing how providers communicate.”

According to Julie O’Brien, AMM vice president and COO, “Elizabeth will further enhance our already first-rate 24-hour service program. As technology continues to play a role in how we interface with patients and clients, her skill set will clearly be an asset.”
